

Academics

Thank you to everyone who took the time to fill out the parent survey which was part of last week's update. It is very helpful to see what our parents think about the upcoming school year.

As a result of the survey, I was able to inquire of the health department if there was any chance of getting a reopening plan approved which would include 100% of the student body attending school four to five days a week. The answer was yes. So, we have included this option in all the plans we are preparing for the upcoming school year. The goal is still to get the reopening plans out to the parents by the beginning of August.

I ask that you continue to pray for this pandemic to lessen and to make these transitions back to normal life easier. We have a God who can do anything, and more importantly has done the greatest thing possible in sending his Son to pay for our sins. We put our trust in Him as we continue to plan and move forward this summer.

Mr. Jon Engelbrecht
Principal

Athletics

Fitness Center is open!

Last Wednesday, the Coulee Covid Compass moved into the orange level (high risk) which allows us to slowly begin the restart process of some activities at Luther. The first to start is the opening of the newly-remodeled fitness center (formerly called the "weight room"). The Fitness Center will be open every Monday, Wednesday and Friday through the month of July. There are 5 sessions available and start at 7:00 am, 8:00 am, 9:00 am, 6:00 pm and 7:00 pm. Each session runs 50 minutes in

length. Participants **MUST** pre-register for a time slot. No walk-ups will be allowed. Pre-registration is part of the reopening guidelines and is important as there are only 10 slots per session. Register for any of the days by sending an email to the Athletic Director, Joel Babinec.

Contact Days

The second phase of reopening is Contact Days. Final planning for these days is still in the works. You should be receiving information from your coaches very soon. Pre-registration for contact days will also take place in these early stages of the restart. Keep in mind that there are different guidelines for activities that take place outdoors vs. indoors, as well as for the "risk/contact" level of the sport. In other words, don't be surprised if one sport has the ability to do things that maybe another sport can't.

Survey Coming for Parents of Athletes in Cross Country, Tennis, and Volleyball

If you have a son or daughter in cross country, tennis or volleyball you should be receiving a survey about the overnight trips that are planned for this year's fall sport season sometime Thursday morning of this week (July 16). Please complete and return the survey as soon as possible. Preseason Parent-Athlete Meeting (August 3) The August 3 parent-athlete preseason meeting will not take place as a face-to-face meeting. The information will be presented to parents and athletes via an electronic method. Varsity coaches for each fall sport will present their material to prospective athletes electronically as well. Watch for more information in the coming weeks.

Bus Registration

If you plan to use bus transportation to transport your students to Luther High School during the am or pm runs at any time during the coming school, you must register your student. Please follow the link below for the registration file. You should complete one registration **PER CHILD**. **Registrations should be completed by July 15.** If you have registered already, **THANK YOU!**
